7/1/2013 8:10:38	<p>none at this time</p>	Face-to-face	All information listed above is valuable information to be shared. Looking forward to another successful year.	Vance	
7/1/2013 10:01:4	<p>Maybe discuss in further detail about the Collaborative Agreement Form for the upcoming year. Examples: Who the representative to Advisory Committee is....., Explain the formula, rates(base) and the adjustments for revised number of ILTs to be made..Is that for additional BTs reported since the original date? Do we inform the director if we have less than reported by the December due date?</p> <p>Even though I got this information explained very clearly from the director when I called, I think it would be helpful at the LEA Representative Orientation to highlight some of those areas on the form. This is what would have been more helpful to me starting as a new LEA Representative. I also felt more comfortable explaining to the superintendent the budget aspect of the form and the purpose for requesting the funds after getting a clearer understanding.</p>	I like the format that was used last year. You may have covered the information in detail as I have mentioned in the previous question, but I may have missed out being new and trying to understand exactly my role as the LEA Representative. However, it has been a very smooth transition, because of the organizational skills of the director and the willingness of other LEA Representatives helping with my transition in the new role. 7/8/2013 8:40:19	I think this is a pretty comprehensive list.	Definitely Face-to-Face, not sure if it should be a separate session from our regular meetings...I guess it would depend on how many new reps we have each year. You could also consider a video for extra support...even use it for reps that come on board in the middle of the year! :)		Gates	
7/8/2013 8:55:55	None that I can think of at this time.	I still think face-to-face is most effective... especially for networking. It is worth the time!!		Tyrrell	
7/8/2013 11:07:11	I think you've done a great job identifying the different topics that need to be addressed. Folded in some of these topics would be collaborative membership (cost, forms to be used), how support coaches are allotted, and Teacher Talk meetings.	Since the reps change often, sometimes during the year it might be easier to have this in a format that could be self directed. I know that is not the ideal but I don't see how you can do this one on one. Certainly if you have time to sit with a new rep and go over some of these items with them, giving them an opportunity to ask questions, etc. that's even better.		Edenton/Chowan	
7/8/2013 21:58:51	I would like to see an activity where we can get to know each other better. We usually have so much business to take care of at our meetings there is no time to get to know each other. I would like to learn more about our new representatives (where they are from, job title, and even a few personal notes (hobbies, interest, etc). I guess we could do some type of team building activity to network and build trust. Just an idea.	Relaxed and enjoyable. Maybe have a training session and then a dinner to network. Super speaker to enforce how important this position is and needs to be if BTs are going to be successful.		Perquimans

7/11/2013 9:14:5	I was literally THRUST into my position, so all of the aforementioned orientation items are good for first time/new LEA reps.	face to face with interactive action.		Northampton
