<p>I'm a skillful translator with over 12 years of experience in translating between English-Dutch.  I currently work as a Head Translator at one of Germany's largest language software publishers.  I'm also a member of the bitcoin.org translation team. I can guarantee high-quality work.</p>		
<p>Here are a few examples of translations I've performed within the crypto space (I can provide many other examples and additional references from outside the crypto space, if necessary):</p>
