	Does anyone else think Patriot Care's MMJ doesn't seem as though their flower is as potent as the THC%thoughts?	4/29/2017
	Hate their new terp cartridges. They are fluted and clog/leak easily. Not sure if it's at other locations but the c-cell shaped ones were better.	11/19/2017

IDEA: Referral tab. A tab for people interested in trading in on referral discounts for first time patients etc. when trying out new shops. People thinking about checking out a new shop posts on there their email/phone/name whatever and they exchange info or go together and both get the discount. Maybe put a date next to each post and the community can police it and automatically delete any posts. Unless there's something on the internet somewhere for this.
