Upon program completion, students may be eligible to sit for the state Certified Nurse Assistant written and skills exam to become a licensed Certified Nurse Assistant (CNA). CNAs work under the supervision of licensed nursing professionals. CNA's are the health professionals that patients encounter most often. They are a very important part of the Health Care Team.

CNA's are qualified to care for patients in:

- Assisted Living Centers
- Long Term Care Centers
- Home Health Agencies
- Hospitals

The primary duty of a CNA is for direct patient care including:

- Attending to daily needs such as bathing and other tasks for hygiene
- Assisting patients with eating difficulties
- Helping patients with range of motion exercises
- Recording and monitoring vital signs
- Remaining alert for any changes in the patient's behavior or condition that might signal that the patient is having any trouble.

Students are trained under the direction of a licensed nurse in a patient's physical, emotional, and social care. This program will cover:

- Professional ethics
- Basic safety and emergencies
- Communication skills
- Body mechanics
- Nutrition
- Patient mobility
- Restorative care
- Vital signs
- Infection control
- Body systems and diseases
- Personal care of the patient
- The patient's environment

Both classroom theory and clinical experience in a health care facility are provided. The clinical experience may not be scheduled at the same time as class. Health Care Provider BLS and First Aid certifications through the American Heart Association are included in the program.

OUTCOMES	Delivery Method	DE/DE - Traditional ILT
MATC Nurse Assistant Program Certificate	Enrollment Availability	Adults Only in the M-F classes (12/20)
Students are prepared to sit for the State of Utah Certified Nurse Assistant Certification Exam	Financial Aid Available	No
Healthcare Provider BLS and First Aid Certificate	VA Qualified	No

PREREQUISITES

As part of the admission process students are required to complete the Career Ready Entrance Assessment. The Career Ready Entrance Assessment is free and takes approximately 1 hour to complete. You can take this assessment at anytime prior to registration. You only need to take this assessment once upon first registering at MTECH. You do not need to retake it for each program or additional course. For additional information or to schedule please visit mlatc.edu/testing

Students must be 16 years old prior to the first day of class.

Students must have TB testing and a Hepatitis B vaccine, or sign a waiver form.

Students may enroll in ONE of the following sessions:

***** Additional Information *****

MTECH provides training for students to prepare to take and/or receive MTECH or 3rd party licensures and certifications such as state, national or industry certifications. MTECH does not guarantee MTECH or 3rd party licensures and certifications such as state, national or industry certifications upon completion of MTECH Programs. State/national licensure or industry certifications are required for employment in some occupations and it is the responsibility of the student to obtain them. In order to receive an MTECH certificate students must demonstrate all competencies.

Financial Aid availability may be based on program locations and/or scheduling requirements.

High school students must approve enrollment start and end dates with their high school counselor before registering with MTECH. Please Note: If high school students or their high school class graduates and they have not finished all program hours prior to their high school graduation date, tuition will be charged for the remaining hours needed for completion.

The time it takes to complete this program is based on clock hours. Based on how many hours per day and how many days per week your program meets you can determine your targeted completion date.

Classes not meeting the minimum enrollment may be cancelled or rescheduled. Minimum enrollment requirements vary per program.

Information, including but not limited to, times, dates, locations, tuition, fees, prerequisites, etc. are subject to change without notice. It is the viewer's responsibility to verify the timeliness and accuracy of this information prior to enrollment.

This Program is COE approved
