

PLEASE NOTE: This page will be updated once campus reopens. All volunteer opportunities offered will be compliant with the university's health and safety guidelines for COVID-19.

--	--	--	--	--	--	--	--

Please check out the various tabs below for upcoming involvement opportunities.

A description of each opportunity is included; please sign up for as many as you would like.

More opportunities will be added as they arise.

If you have any questions or technical difficulties, email cohenbj@wfu.edu.

PLEASE NOTE: This page will be updated once campus reopens. All volunteer opportunities offered will be compliant with the university's health and safety guidelines for COVID-19.

Outreach

Date: **Your Choice**

Time: **Your Choice**

Location: **Your Choice**

Description:

Conduct sustainability outreach with a target audience of your choice. Choose a pre-made outreach or create your own!

[You can view our pre-made outreach activities here.](#)

Directions:

1. Select a pre-made outreach activity from the drop-down list.
 2. Select a target audience and a specific day, time, and location to maximize your reach.
 3. Pick up the outreach materials and prizes from the Office of Sustainability (Reynolds 101) prior to your selected time.*
 4. After you've completed your outreach, return the materials to the Office of Sustainability.*
- *If you are tabling outside of business hours (8:30 am - 5:00 pm M-F), make arrangements with Brian (cohenbj@wfu.edu) on when and where to obtain and/or return the materials.

Compost Crew: Zero-Landfill Events

Description:
 For each of the following events, we need volunteers to help educate and guide attendees on how to properly sort their waste upon disposal. This serves three purposes: reducing the amount of waste sent to the landfill, ensuring an uncontaminated supply of organic waste for composting, and raising awareness of the importance of waste reduction/diversion.
 Everyone who signs up will receive an email with more information from a shift leader.
 If you are not a WFU student or faculty/staff member, please include your email address in the comments.
 New events will be added to this sheet as they become available.

These columns for office use only

Minimum volunteers needed at all times:					Attendees (est.):

Environmental Education

Description:

Are you passionate about education? Looking for a fun way to engage with the Winston-Salem community? Help the Piedmont Environmental Alliance (PEA) with their environmental education efforts in local middle schools. All necessary training will be provided by our environmental education student interns. Please contact [Julia McElhinny](#) or [Carolina Conway](#) with any questions.

If you are interested, please sign up below to learn more and Julia or Carolina will reach out to you directly.

Compost Crew

Description:

As we work to increase the percentage of food waste on campus that is composted (and therefore diverted from the landfill), it's vital that we have a crew to support our efforts. Some potential roles include:

- meeting with leaders from student organizations, as well as faculty and staff who host meals and events on campus
- marketing new initiatives
- helping coordinate the logistics of moving food waste to a pick-up location
- being present at events to help attendees sort their waste appropriately

If you are interested, please sign up below to learn more and Brian will reach out to you directly. If you are not a WFU student or faculty/staff member, please include your email address in the comments.

Plant-Forward Dining Committee

Description:

Plant-forward diets have proven benefits to both environmental and human health. Deacon Dining has committed to making such a change easy for the university community through the vegan station in the Pit, plant-forward catering menus, and meatless alternatives throughout campus. In addition, various events are taking place in the month of October to increase the visibility of this issue. The question is what comes next. This group will serve as an opportunity to work with our campus nutritionist, Brooke Orr, to brainstorm ideas, develop programs, and create events to help promote plant-forward dining. Most of our communication will occur electronically, with opportunities to meet as requested and/or needed.

There is no commitment necessary; by signing up, you'll simply be added to the communications list.

Hit the Bricks - Choose to Reuse Outreach

Date: **Thursday, 10/4/18**

Time: **11:00a - 6:30p**

Location: **Upper Quad (Hearn Plaza)**

Description:

Interact with hundreds of your fellow students by conducting our *Choose to Reuse* quiz under our tent at Hit the Bricks. After taking the quiz, students will earn a reusable water bottle (if they do not already have one) and/or a campaign sticker.

Sign up for as many shifts as you would like. If you need to leave your shift a few minutes early to get to class, please add a note in the "Comments" column.

Those who sign up will receive more information via email closer to the date.
