

AI/ML Devfest 2019 Schedule (version 0.943.2)

	8:30 AM	Registration/Light Breakfast						
		Amphitheater (150)						
	9:15 AM	Important Announcements, Giveaways, Sponsor thanks, Code of Conduct . . . M Noelle						
Morning Block	9:30 AM	Easy-to-Use Composable Deep Learning Framework in Elixir Jason Goldberger						
	10:15 AM	The Future of Machine Learning & JavaScript Lukas Ruebbelke						
	11:00 AM	Designing Your Neural Networks: A Step By Step Walkthrough Lavanya Shukla						
	12:00 AM	Lunch						
		201	202	203	204	205	206/207	Art Room
1st Afternoon Block	1:00 PM	How to draw a ghost and other ways crayons can be fun Aaron Herres Roy van de Water	Study Jam: Machine Learning and Data Roy Tokeshi	Intro to NLP (Natural Language Processing) Jason Goldberger Steve Lacy	Introduction to Rust and Image Processing Jacob Rosenthal	Edge ML: Speaking on the Edge Jeff Karau Daniel Bank	TinyML on Arduino Sandeep Mistry Don Coleman	
		No break! Grab a snack and run to the next workshop!						
2nd Afternoon Block	3:00 PM	How to draw a ghost and other ways crayons can be fun Aaron Herres Roy van de Water	Study Jam: Machine Learning and Data Roy Tokeshi	EdgeAI: Training and classifying imagery on a Raspberry Pi camera James W. Clohessy Josh Miklos	Introduction to Rust and Image Processing Jacob Rosenthal	Edge ML: Speaking on the Edge Jeff Karau Daniel Bank	TinyML on Arduino Sandeep Mistry Don Coleman	
		Amphitheater (150)						
	5:05 PM	Closing remarks/Survey/Prizes Sarah and Sheldon						
	5:30 PM	Adjourn to Sidebar! 701 W. McDowell Rd. Phoenix, AZ 85007						
	9:00 PM	SLEEPING
