GOTS Simple Show Clip	GOTS is explained using very simple and engaging story line graphics making clear that using organic fiber alone is not enough but that the whole supply chain has to be considered. Correct on-product labelling is also explained in an easy understandable way.	https://youtu.be/xhQIghnbDqw	<iframe width="560" height="315" src="https://www.youtube.com/embed/xhQIghnbDqw" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German
GOTS Faces Trailer	Faces From Field to Fashion is a behind-the-scenes journey to the heart of the Global Organic Textile Standard (GOTS), and an introduction to the sights, sounds, and faces behind every GOTS product. Representing more than 4 million employees working in GOTS certified facilities around the world, eight individuals give us a glimpse into their lives and tell us how they have been impacted by GOTS in unscripted and candid video portraits.	https://www.youtube.com/watch?v=2P-Jp	<iframe width="560" height="315" src="https://www.youtube.com/embed/2P-JpSEFYZk" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	
Certification: What it takes	Faces From Field to Fashion is a behind-the-scenes journey to the heart of the Global Organic Textile Standard (GOTS), and an introduction to the sights, sounds, and faces behind every GOTS product. Representing more than 4 million employees working in GOTS certified facilities around the world, eight individuals give us a glimpse into their lives and tell us how they have been impacted by GOTS in unscripted and candid video portraits. The journey starts with Alexander, project manager at Schoeller Wool, who gives us an inside look at what it takes to become GOTS certified. The motto of Schoeller Wool is "From nature, for nature" and the company embraces that philosophy in everything they do. Along with the strict social and ecological guidelines of GOTS, Schoeller Wool continuously develops new ways to optimise processes and products.	https://youtu.be/0j1YIGqoZA	<iframe width="560" height="315" src="https://www.youtube.com/embed/0j1YIGqoZA" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
First processing stages: wool	In Episode 2, the journey continues with Himena who shows us what first processing of organic wool at a GOTS certified facility looks like. The Michell Group in Peru has been creating yarn, textiles, and products from Alpaca wool for over 90 years. The family business has approached sustainable growth through their core values of environmental protection and social justice, promoting their own efforts to preserve resources, enhance production and celebrate their community.	https://youtu.be/-r-T0YTmE2E	<iframe width="560" height="315" src="https://www.youtube.com/embed/-r-T0YTmE2E" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Spanish
First processing stages: cotton	Follow along Jombo as he explains the benefits of organic cotton in episode 3 of the Faces From Field to Fashion Journey. Jombo works at Alliance Gineries in Tanzania, a GOTS-certified company specialising in cotton ginning. For the family business, sustainable growth in form of environmental protection and social justice is at their core.	https://youtu.be/xIQARvy0XNQ	<iframe width="560" height="315" src="https://www.youtube.com/embed/xIQARvy0XNQ" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
Spinning	In Episode 4, we join Eliudi at Sunflag Tanzania to see the spinning stage of organic fibre processing. The Sunflag Group began in the 1930s under the principles of respecting human rights and environmentally conscious production practices. Sunflag Tanzania had the first GOTS-certified facility on the African continent. Eliudi has worked at Sunflag since 1995. Watch his story to hear about how the company has impacted him, and how it is helping the next generation in his community.	https://youtu.be/5f2Pj6LTqSY	<iframe width="560" height="315" src="https://www.youtube.com/embed/5f2Pj6LTqSY" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
Weaving and Knitting	At Empresa Têxtil De Peugas in Portugal, family is everything. In Episode 5 of Faces From Field to Fashion, Maria Lima shares how her family's business produces 2.5 million socks a year while incorporating community, care, and harmony into everything they do. Join Maria Lima to learn how the company has been concerned about the environment from the start, and why a GOTS certification makes sense for Têxtil De Peugas, and their customers.	https://youtu.be/1fFgoqlmHs	<iframe width="560" height="315" src="https://www.youtube.com/embed/1fFgoqlmHs" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
Wet Processing	In Episode 6, Mohamed gives us a tour of the Saïtex wet-processing facility, where sustainability, resourcefulness, and care go hand in hand. The GOTS-certified factory in Vietnam aims at creating circularity in their practices, using 98 percent recycled water, investing in renewable energy sources, and applying only sustainable chemicals. Watch Mohammed's story to hear how working at Saïtex helps him feel like he is giving back to the next generation, and why he loves his job.	https://youtu.be/6kZzhwMv8aI	<iframe width="560" height="315" src="https://www.youtube.com/embed/6kZzhwMv8aI" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
Manufacturing India	In Episode 7, we meet Guarammal of Armstrong Knitting Mills, a GOTS-certified company that has incorporated a holistic sustainable production policy since its founding in 1969. Guarammal shares how learning to be a seamstress for Armstrong has given her an independence and hope for the future that she never had before.	https://youtu.be/44KQCCCNJ4	<iframe width="560" height="315" src="https://www.youtube.com/embed/44KQCCCNJ4" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
Manufacturing India	Mariados, a trainer and sample master cutter at Armstrong Knitting Mills gives us an inside look into manufacturing of organic textiles at a GOTS-certified facility in Episode 8 of Faces From Field to Fashion. Mariados has been in the field since 1973. Watch his story to learn more about the improvements he has seen since GOTS certification, including safer working conditions and training programs for workers.	https://youtu.be/fFinVpo2eE	<iframe width="560" height="315" src="https://www.youtube.com/embed/fFinVpo2eE" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>	English German Chinese Japanese Spanish
