

Cryzzalis' List Spreadsheet

Here's where I keep track of how I feel about characters, OPs, EDs, Shows and the likes. I might edit it fairly often and add sheets and potentially also remove them if I don't have the time for them. I generally use a linking system and will be keeping at least the OP, the ED, the Male Characters, the Female characters and the Best Show sheets priority. I'll be updating those at least once a year. Feel free to leave me a comment on reddit or twitter if you have any questions or want to discuss some ranking. It's eventually export this list into not only including anime, but also esports and video games.
