

README - Notes	
0	If you want To be added to the list of Spruce Goose Operators and be added to the schedule, email Dale Birmingham at: dgbirmingham at gmail dot com
1	HF operators can spot themselves on the DX Custer. That will save you calling CQ for a long while. If things dry up you can do it again or ask a calling station to do it. DX Watch
2	If you want to operate and there is an unscheduled Day, Time, Band, Mode you like, listen around the Frequency for 2 or 3 minutes. If there is NO Spruce Goose Station, Go for it !
3	Also, from midnight to 6 AM is not scheduled. Listen for a bit around the suggested frequency. If There is no Club activity, Go for it.!!!
4	Color Coding: To make it easier to read, CW will be in RED, Digital will be Green
5	CW ops, Please check for W6HA skimmer reports on the Reverse Beacon Network (RBN).
6	CW ops - When sending serial numbers, leading zero are not necessary. A001 can be sent as A1
7	Added two more hours to the schedule in the Morning.
8	Added sheet - Ops Alpha Designator
