Please list notable women in computing. These may be full professors at a University, or someone who has gotten a major award or is notable in some way in regard to computing, such as a pioneer or founder.

List the reason why they are notable. They may be a pioneer or founder, or have a major award such as ACM Fellow, IEEE Fellow, ACM Distinguished Educator, Scientist or Engineer, or another major award in computing.

Indicate if they already have a Wikipedia page, if they do not have a Wikipedia page, or if they have a page but it needs work. You could mention the type of work needed such as needs more citations
