Rating System: 1-5

1	Unplayable	Will not see play in any Competitive Archetype or Deck. (i.e. Angry Chicken)
2	Semi-Playable	Will see play either as a tech choice or a fringe inclusion in a Competitive Archetype or Deck. (i.e. Platebreaker)
3	Playable	Will see play in at least one Competitive Archetype or Deck, likely as a 2 of if it isn't a Legendary. (i.e. Whispering Woods)
4	Powerful	Will see vast amounts of play likely in multiple decks for a class and will be one of the defining reasons why a deck is viable. (i.e. Anubath Defender)
5	Very Powerful	Reserved for cards that create Archetypes by themselves or cards that define the direction players will take the class/deck for the foreseeable future. (i.e. Zephyrs the Great)
