

	Status	New home	Owner	Timeline	Tracking Bug	Team	Comment
content/rendere/desig...	In Chromium & use Mojo & don't migrate	platform/gpu	fsamuel	03/03	<a href="https://crbug.com/77462">https://crbug.com/77462</a>	GPU	We should move platform/gpu and move it there.
content/render/gpu/c...	Removed						The feature was removed.
content/render/memory/	Removed						This is not a web-platform-only feature. Keep it in Chromiumchild.
content/render/mpapi/	Removed						NPAPI is going to be deprecated.
content/render/browser_...	In Chromium & use Mojo & don't migrate						Leave this alone for now
content/render/fetchers/	In Blink & use Mojo	toyoshim					migration is done in 1704 (crbug.com/75208). Needs onion soup (but low priority)
content/render/icon/	In Blink & use Mojo & don't migrate						Should we probably move this to /icon/
content/render/icon/api/	Removed						NPAPI is going to be deprecated soon.
content/render/pepper/	In Chromium & use Mojo & don't migrate						
content/render/scheduler	In Blink & use Mojo	skyostil	DONE			Scheduler	How does this interact with the loading dispatcher?
content/render/mediarenderer/	In Blink & use Mojo	platform/loader	mek	DONE	<a href="https://crbug.com/81105">https://crbug.com/81105</a>	Storage	Code will be removed after Network Service is turned on globally
content/render/media/storage/	In Blink & use Mojo	modules/mediastorage/	darin	DONE	<a href="https://crbug.com/12287">https://crbug.com/12287</a>	Storage	Storage
content/render/device_sensors/	In Blink & use Mojo	modules/device_orientation/	oksanym	DONE	<a href="https://crbug.com/12322">https://crbug.com/12322</a>	Device API	<a href="https://crbug.com/12322">https://crbug.com/12322</a> , <a href="https://crbug.com/811230">https://crbug.com/811230</a>
content/render/child/	In Blink & use Mojo	modules/child/					
content/render/media/extractor_from_element/	In Blink & use Mojo	modules/media/extractor_from_element/					This is not using Mojo or IPC at all. We can just move it to modules/media_extractor_from_element/
content/render/media/blur/	In Blink & use Mojo	modules/blur/	ocean911	DONE	<a href="https://crbug.com/81105">https://crbug.com/81105</a>	Feature Control	Blocked on crbug.com/80074. Moved most code remaining in content/renderer/media.h to dependency on mapping_blink::WebSecurityOrigin to url::Origin. Note this is not using Mojo or IPC at all.
content/render/image/capture/	In Blink & use Mojo	modules/image_capture/	TVCs	DONE	<a href="https://crbug.com/78105">https://crbug.com/78105</a>	Storage	This is not using Mojo or IPC at all. We can just move it to modules/image_capture without doing any conversion.
content/render/installable_recorder/	In Blink & use Mojo	modules/installable_recorder/	TVCs	DONE	<a href="https://crbug.com/80074">https://crbug.com/80074</a>	Device API	This is not using Mojo or IPC at all. We can just move it to modules/installable_recorder/. This is blocked by the migration of /content/renderer/media.
content/render/push_message/	In Blink & use Mojo	modules/push_message/	mek	DONE	<a href="https://crbug.com/811231">https://crbug.com/811231</a>	Device API	Some things still remain in Chromium. We should finish moving everything to modules/push_message/
content/render/media/rendertoolkit/	In Blink & use Mojo	modules/rendertoolkit/	meek	DONE	<a href="https://crbug.com/811245">https://crbug.com/811245</a>	Device API	Some things still remain in Chromium. We should finish moving everything to modules/rendertoolkit/
content/render/background_sync/	In Blink & use Mojo	modules/background_sync/	peter	DONE	<a href="https://crbug.com/882134">https://crbug.com/882134</a>	Device Media	Blocked by https://crbug.com/882134
content/render/experiments/	Removed						
content/render/media_policy/	In Blink & use Mojo	platform/audio_policy	ocean911	DONE	<a href="https://crbug.com/77740">https://crbug.com/77740</a>	Feature Control	This should be consolidated with media_time replication, as part of site-location
content/render/media_captions/	In Blink & use Mojo	modules/mediacaptions/	slangely	DONE	<a href="https://crbug.com/77927">https://crbug.com/77927</a>	Storage	Blocked on crbug.com/80074. Some impl over in siteorigin too
content/render/battery_status/	In Blink & use Mojo	modules/battery_status/	yukukino	DONE	<a href="https://crbug.com/81105">https://crbug.com/81105</a>	Device API	This code seems to now live in services/device_battery/, was this task already completed?
content/render/gamemode/	In Blink & use Mojo	modules/gamemode/	devicevoiceteam	DONE	<a href="https://crbug.com/12322">https://crbug.com/12322</a>	Device API	<a href="https://crbug.com/12322">https://crbug.com/12322</a>
content/render/media/MediaSession	In Blink & use Mojo	modules/mediasection/	zhanghang	DONE	<a href="https://crbug.com/846930">https://crbug.com/846930</a>	Chrome Media UX	<a href="https://crbug.com/846930">https://crbug.com/846930</a>
content/render/mirrored/	In Blink & use Mojo	modules/mediawebvr/	kpharise	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	<a href="https://crbug.com/80085">https://crbug.com/80085</a>
content/render/media_lock/	In Blink & use Mojo	modules/media_lock/	meek	DONE	<a href="https://crbug.com/776005">https://crbug.com/776005</a>	Device API	This is not part of the web platform feature but should be moved Source/DeviceLock/ using Mojo
content/render/devtools/	In Blink & use Mojo	devtools/	dgözmen	DONE	<a href="https://crbug.com/72298">https://crbug.com/72298</a>	DevTools	<a href="https://crbug.com/72298">https://crbug.com/72298</a> Cannot move its blink because it heavily depends on render_widget
content/render/media/input/	In Chromium & use Mojo & don't migrate	dispuska	DONE				We're using mojo, but onion-soup will take some time. We need to deprecate WebURLRequest, WebURLResponse and WebURLError. See https://crbug.com/860403
content/render/indexed_db/	In Blink & use Mojo	modules/indexedb/	cmp	DONE	<a href="https://crbug.com/71712">https://crbug.com/71712</a>	Storage	Onion soup at https://crbug.com/781170
content/render/loader/	In Chromium & use Mojo	platform/loader/fetch	shizamu	???	<a href="https://crbug.com/90330">https://crbug.com/90330</a>	Loading	Doc: gorilla-soup-peerconnection. Completed.
content/render/rdm_storage_(sessionstorage)	In Blink & use Mojo	modules/storage/	shizamu	DONE	<a href="https://crbug.com/71499">https://crbug.com/71499</a>	Storage	Moved to Blink. Some final bifurcation of the code in progress.
content/render/rdm_storage_(localstorage)	In Blink & use Mojo	modules/localstorage/	shizamu	DONE	<a href="https://crbug.com/81105">https://crbug.com/81105</a>	Storage	gorilla-soup-audio
content/render/media/video_decoder/	In Chromium & use Mojo	modules/video_decoder/	shizamu	???	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	Migration is done at https://crbug.com/781170
content/render/media/webkit/	In Blink & use Mojo	modules/peerconnection/	guduo	DONE	<a href="https://crbug.com/80414">https://crbug.com/80414</a>	WebRTC	Doc: gorilla-soup-peerconnection. Completed.
content/render/media/mediastream/	In Blink & use Mojo	modules/mediastream/	guduo	DONE	<a href="https://crbug.com/76143">https://crbug.com/76143</a>	WebRTC	Moved to Blink. Some final bifurcation of the code in progress.
content/render/media/audio/	In Blink & use Mojo	modules/medialaudio/	guduo	DONE	<a href="https://crbug.com/76143">https://crbug.com/76143</a>	WebRTC	gorilla-soup-audio
content/render/media/android/	In Chromium & use Mojo	modules/media/android/	adityna	20/03	<a href="https://crbug.com/92130">https://crbug.com/92130</a>	Chrome Media	<a href="https://crbug.com/92130">https://crbug.com/92130</a>
content/render/media/android/ (top level files)	In Blink & use Mojo	modules/webmid/	adityna	DONE	<a href="https://crbug.com/92130">https://crbug.com/92130</a>	WebMDI	<a href="https://crbug.com/92130">https://crbug.com/92130</a>
content/render/gpu/	In Blink & use Mojo	platform/gpu	gatsoi	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	<a href="https://crbug.com/80085">https://crbug.com/80085</a>
content/render/media/mediarenderer/	In Chromium & use Mojo	modules/mediarenderer/	dmazzoni	TVCs	<a href="https://crbug.com/77927">https://crbug.com/77927</a>	WebRTC	Doc: gorilla-soup-peerconnection
content/render/media/journal_loader/	In Blink & use Mojo	platform/loading?	TVCs	DONE	<a href="https://crbug.com/79028">https://crbug.com/79028</a>	Accessibility	Doc: gorilla-soup-Blink bugz: crbug.com/882690, crbug.com/949979, crbug.com/850275
content/render/media/test/	In Blink & use Mojo	modules/manifest/	TVCs	DONE	<a href="https://crbug.com/70441">https://crbug.com/70441</a>	Loading	<a href="https://chromium-review.googlesource.com/c/482739">https://chromium-review.googlesource.com/c/482739</a>
content/render/appcache/	In Blink & use Mojo	content/loader/appcache/	TVCs	DONE	<a href="https://crbug.com/71938">https://crbug.com/71938</a>	Storage	We hope to remove Appcache in ~2020. Still need to own the code and fix bugs until then.
content/render/font_prvacy/	In Blink & use Mojo	platform/font/	Needs owner	DONE	<a href="https://crbug.com/77944">https://crbug.com/77944</a>	Layout	<a href="https://crbug.com/77944">https://crbug.com/77944</a>
content/render/renderer_clipboard_delegate.cc	In Blink & use Mojo	content/clipboard/	slangely	DONE	<a href="https://crbug.com/77583">https://crbug.com/77583</a>	Storage	Migration is done at https://crbug.com/12308. Onion-soup has been blocked by appcache, loader and service_worker's onion-soup ( <a href="https://crbug.com/91145">https://crbug.com/91145</a> ).
content/render/renderer_clipboard_delegate.cc	In Blink & use Mojo	content/clipboard/	shizamu	???	<a href="https://crbug.com/91145">https://crbug.com/91145</a>	Worker	This is Android Java - Blink bindings written in gni.
content/render/renderer_worker/	In Chromium & use Mojo	modules/renderworker/	coreworkers	DONE	<a href="https://crbug.com/59583">https://crbug.com/59583</a>	Notifications	This is a bag of random android-specific classes. The files should be moved to htmlforms/ co/ etc.
content/render/renderers/	In Blink & use Mojo	modules/renderers/	hankeon	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	This directory is a bag of random android-specific classes. The files should be moved to htmlforms/ co/ etc.
content/render/renderer_js/	In Chromium & use Mojo	content/htmlform/ /co etc	TVCs	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	
content/render/renderer_js/	In Chromium & use IPC	modules/remote_objects/	oksanym	20/03	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Bindings	
content/render/media/video_decoder/	In Chromium & use Mojo & don't migrate	platform/mjor	Needs owner	DONE			Migration was done ( <a href="https://crbug.com/12308">https://crbug.com/12308</a> ). Onion-soup has been blocked by appcache, loader and service_worker's onion-soup ( <a href="https://crbug.com/91145">https://crbug.com/91145</a> ).
content/render/media/video_decoder/	In Blink & use Mojo	modules/presentation/	imchieng	DONE	<a href="https://crbug.com/74527">https://crbug.com/74527</a>	Cloud View	<a href="https://crbug.com/74527">https://crbug.com/74527</a>
content/render/media/video_decoder/	In Blink & use Mojo	modules/creational_manager/	anonymouse	DONE	<a href="https://crbug.com/74529">https://crbug.com/74529</a>	Cloud View	<a href="https://crbug.com/74529">https://crbug.com/74529</a>
content/render/media/video_decoder/	In Blink & use Mojo	modules/websockets/	darin	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Chrome Web Identity	<a href="https://crbug.com/80085">https://crbug.com/80085</a>
content/render/media/video_decoder/	In Blink & use Mojo	coredom	mek	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	Converted to Mojo. Now, just moving to Blink ( <a href="https://codereview.chromium.com/228473002">https://codereview.chromium.com/228473002</a> )
content/render/media/video_decoder/	In Blink & use Mojo	modules/webaudio/	junkal	DONE	<a href="https://crbug.com/80085">https://crbug.com/80085</a>	Device API	Will require moving shared code from content/common to WebKit/common
content/render/compositor	In Chromium & not using Mojo or IPC	platform/grafical/	darakj	DONE	<a href="https://crbug.com/91233">https://crbug.com/91233</a>	Device API	<a href="https://crbug.com/91233">https://crbug.com/91233</a>
content/render/performance_manager	In Chromium & not using Mojo or IPC	controller/	???	20/03			Bug points to where CIs are going to slow down this directory entirely.
