		Ashley Sissel				

Delivery Instructions:

- At the back side of Foco, there is a door beside the loading dock that is unlocked. Park next to it and go inside to collect the food.
- Inside this door is the food storage room. DDS staff will be there that you can ask to show you the food they're donating, but you can also find it yourself. The food is just inside the walk-in refrigerator to the left. It'll be covered in saranwrap and with a small label. Take those food containers out to the car.
- Go to Tuck's dining hall Byrne. Drive out of the parking lot behind Foco to West Wheelock Street, and head down toward Ledyard Bridge. Then take the right as if you were going to the Ledyard docks, but bear right and drive up that winding road. You'll see an archway on your right. Drive inside the archway and park. This is the back entrance to Byrne.
- Call (603) 646-1651 and say you're in the loading dock for a Dartmouth Feeding Neighbors pickup. They'll send someone to open the door for you, bring you inside, and load you up with the food.
- Now drive to The Upper Valley Haven in White River Junction, VT. Cross Ledyard Bridge and get on 91 South. Google maps has the best directions to The Haven.
- Take the food inside the Haven via their backdoor by the dumpster. There's a large weighing scale immediately inside that door. Weigh the food on the scale and record that number to report to Caleb (Caleb.G.Caldwell.17@dartmouth.edu).
- The people at the Haven can handle you once you're there. All you have to do is weigh the food, fill out a donor slip, and then collect empty containers from past deliveries, which they'll give you.
- Return to the original room in Foco to drop off the empty containers.
- You're all done. Remember to blitz Caleb with the final weight delivered.

If you have any questions, please blitz Caleb.G. Caldwell.17@Dartmouth.edu, Julian.R.McIntyre.17@Dartmouth.edu, or Blake.C.Niehaus.17@Dartmouth.edu.
