Applied Upgrades: Proof of each upgrade your gro has applied!

Tips on using this:

- First, select the category. It looks like it breaks, but it just takes a second to catch up. Then, use Upgrade Name to select your upgrade!
- Age Requirement is automatically synched to the birthday listed on the first tab. It will change as time passes to YES and turn green.
- Please only list upgrades here that are currently displayed on your wyngro. (Especially if using this for a breeding approval!)
- New upgrade not listed here? Scroll to the bottom where New Upgrades are listed, and input the information manually. (We will update our template with new upgrades as they are released)
