FAQ's	Answers	Comments
l s	Civic technology, or civic tech, enhances the relationship between the people and government with software for communications, decision-making, service delivery, and political process. It includes information and communications technology supporting government with software built by community-led teams of volunteers, conprofits, consultains, and private companies as well as embedded tech teams working within government.	done
e	ONC Ech Index is a comprehensive, searchable index of all civic tech open source software projects around the world. It helps to create large scale ingagement, overlapping technologies and disciplines. People of all different skills and levels working to problem solve, projects that are legitimate and trustworthy.	Done
3 How do I join Civic Tech Index?	Join the Civic Tech Index by submitting your open-source project, You can do so by tagging your project.	done
4 How do I volunteer with Civic Tech Index?	To be a part of Civic Tech Index project, please join our development team at Hack for LA and volunteer with us.	
5 What is the difference between affiliated and unaffiliated contributors?	"If the organization isn't affiliated with a larger umbrella organization like Code for All or Democracy Lab and is an independent entity, it is unaffiliated, otherwise it's affiliated (with a sponsoring organization).	done
	To add an organization to Civic Tech Index, please click on this form.	
	if you want to add your project to Civic Tech Index. This process takes less than one minute to complete. Please follow the link.	done
8 I don't see my organization in the list. How do I add it?	You can add an organization to Civic Tech Index, by clicking on this form.	done
9 What is the tag generator?	Tag generator is the Civic Tech Index's step by step tool for creating topic tags. Topic tags will help improve the discoverability of your projects, and using tags can lead to more traffic to your website from people interested in that topic.	done
	Yes, Please follow the link to add multiple projects.	Done
11 What if I can't find my project's repository link on GitHub?	Occassionally, some projects are not listed. Please type the url manually and submit the project repository link.	Done
12 Can I change the organization my project is listed under?	Yes, you can change the organization your project is listed here.	Done
13 Our organization doesn't have a parent organization. What should I do?	You can still be a part of Civic tech index, even if your organization is unaffiliated.	Done
	Topic tags appear on the main page of a repository. You can click a topic name to see related topics and a list of other repositories classified with that topic.	Done
15 What if there are no current topic tags on my project's repository?	To increase the visibility of your project, you can add topics tags for your project.	done
16 How do I add tags to my project's repository?	To add your tags to your project's repository. Follow the <u>link.</u>	done
17 What if I want to add additional tags?	Yes, you can add more tags to your projects repository using the link.	DONE
18 Who are index contributors?	index contributors are our partners who have contributed to the Civic Tech Index. An organization that can be either affiliated or unaffiliated.	Done
19 How can I collaborate with Civic Tech Index?	You can support and collaborate with Civic Tech Index in following ways. 1. Donate. 2. Share CTI 3. Volunteer with us.	Done
	Your tax-deductible gift today will help make more open-source solutions easily available for the communities who need it the most. To support Civic Tech Index please visit our website to donate online now or please follow this link to the Code For America donation form.	Done
