	Source	Description
	https://data.gov.in/catalog/list-child-care-institutions-cci-registered-und	It's just a list.
	http://www.indiaspend.com/cover-story/why-only-3-2-of-indias-50000-c	Depressing stats: poor adoption rates
	http://cara.nic.in/	CARA is a government agency focused on adoptions
	https://www.hindustantimes.com/india-news/supreme-court-asks-gove	Supreme court wants to make a database of kids in orphanages for their safety and welfare.
	https://www.unicef.org/infobycountry/india_statistics.html	General stats. Orphan related stats are missing, except for education. Orphan school attendance ratio in 2008-2012: 72%
	http://nipccd.nic.in/reports/dsmdata.pdf	This one's the most comprehensive case study. Annexure 3 provides a survey that addresses many of the metrics we're after. Unfortunately, the study has not been done at a larger scale
	http://www.childlineindia.org.in/1098/statistics.htm	Data about child helpline 1098
	https://data.unicef.org/resources/state-worlds-children-2016-statistical-	The number of kids orphaned, and stats on HIV
	https://factly.in/number-children-available-adoption-less-14th-demand-	The number of children available for adoption are few; Guidelines on adoptions; Adoption rates are in decline
	https://dukespace.lib.duke.edu/dspace/bitstream/handle/10161/5386/0	Paper on the psychological well being of orphans. The conclusion notes the lack of an international framework, and an informational chasm. That probably explains why I'm having no luck finding the info I need. The appendices might be useful. Worth a review
	http://journals.plos.org/plosone/article?id=10.1371/journal.pone.00381	Paper on correlation of poor health among orphans and their caregivers.
	https://www.tandfonline.com/doi/full/10.1080/13548506.2016.1271951	Paper on violent experiences in orphanages and institutionalized care.
	https://link.springer.com/article/10.1186/1752-4458-8-13	Depression among AIDS-orphaned children higher than among other orphaned children in southern India
