

Biostatistics - Project Discussion

Each group must do a **15 min** presentation and not exceed this period of time. Please be prepared 5 min before your time slot.

The presentation must be done in English and will be followed by a discussion.

All group members must participate in the presentation.

Please fill a slot to do your group's presentation.

Students are strongly encouraged to be present but in case of extreme need, you can do your presentation by Zoom.
