CLUB SPORTS PROGRAMS CLASSIFICATIONS

The Club Sports Program has been developed with the purpose to allow students to engage in physical activity at a variety of levels. Three levels of classification have been determined with guidelines to establish the type of clubs we offer. Club Classification status will be reviewed annually by Club Sports Staff. Club Sports Staff must approve all Club classification changes.

All Clubs starting or re-starting with Club Sports Programs from 2022-23 onwards must have a 100% University of Alberta student membership base. Coaches/choreographers may be exempt.
