

Item	coins	emerald value	emerald / 100 coin	avg energy to farm	energy / 100 coin	my choices	Comment
		(rarity fair or HWG website)	(higher is better)	(with lowest cost mission, no double-dipping)		(XX is best, X is pretty good)	
Martha Doll	700	243,34	34,8				seems decent, but stones are not really worth much since so easy to get in GA shop...
Skin Stone chest	40	14,516	36,3			XX	close to top emerald-wise, less stats per coin than items, but arguably the best if you don't need items
Flawless Artifact Chest	200	80	40,0				top value among non-items emerald-wise, but I get plenty of gold artifacts from the secret wealth shop now...
Chaos Core	600	100	16,7				meh
Huge EXP Potion	40	0	0				EXP potions are pretty worthless after about 1 year of play...
Chest of Random Crystals	150	46,03	30,7			X	just decent emerald-wise, but perfectly reasonable if you don't need the items here,
Chest of Random Insignia	200	59,01	29,5			X	especially if you need them for one more Ascension glyph to get more coins
5 Martha Soul Stones	500	125	25,0				Just use your monthly lesser hero soul stone chest
Minotaur's Head	1250	400	32,0	600	48,0		
Flaming Heart	1250	400	32,0	600	48,0		
Hand of Glory	1500	400	26,7	600	40,0		
Pastor's Seal	1500	400	26,7	600	40,0		
Traitor's Crown	2500	800	32,0	1200	48,0		Cheap to farm
All-seer	4250	1360	32,0	1800	42,4		
Diviner's Orb	6250	2000	32,0	3000	48,0		
Book of Prophecies	8750	2800	32,0	4200	48,0		
Book of Fate	20000	6600	33,0	10900	54,5		good deal emerald-wise, and saves tons of time, but not too expensive to farm
Alchemist's Set	5000	1600	32,0	3200	64,0	X	I usually farm those. I would rather buy skin stones, but I won't judge you if you really need this now
Enigma's Chronicles	5000	1600	32,0	4000	80,0	XX	Top deal among items
Blued Plate Armor	13500	4320	32,0	7600	56,3		maybe just buy the Alchemist's Set, farm the rest
Asklepius' Staff	15000	4320	28,8	7600	50,7		why is this more expensive than Blued Plate Armor? it's same number of fragments...
Sphere of Power	17500	5600	32,0	10800	61,7		I wish this was a good deal, but at this price, I'll just farm it. Wait for an event with La Mort's Cards for sale...
All-Seeing Eye	22500	7200	32,0	15600	69,3		Decent deal, but better to buy Enigma's Chronicles and farm the rest
Oppressor's Crown	41875	13400	32,0	22000	52,5		Low energy cost because you can double-dip Harunian Helm and Oppressor's Crown recipe
Devourer of Mages	12500	4000	32,0	10000	80,0	XX	
Dragon's Heart	12500	4000	32,0	10000	80,0	XX	Top deal among items
Piercing Gaze	72500	23200	32,0	51600	71,2	X	pretty good energy-wise and saves tons of time. I think I will probably get at least one of those
