Teacher name	School	Is there anything in particular you would like us to cover in the PLG?	What do you hope to get out of this PLD session?
Cyrille Breen	Makauri	I have not used the iPads so far, so I would like to find out about the programs I should best start using to introduce iPads in Year 1.	Direction as to how to use iPads best in Year 1. And confidence to do so :-)
Elizabeth Loudon	Makaraka	Making projects for structured literacy eg say the sound or word (which has already been written on screen)and then write it. I should remember how to do it but alas!!!! how can you just make it a project for a certain group of children please	to be able to make a project with recorded instructions. Always great just being together and hearing what others have been up to . any new handy hints or learning always great to be able to come back the next day and try it out in the class
