[1] This person is responsible for overall workflow, maintaining deadlines, and facilitating communication.

[2] Researcher. This person is responsible for gathering quality information about the topic from reputable sources and compiling a list of resources for further reading. This person may also write the lesson(s) pertaining to their part of the topic.

Curator/Writer/Editor. This person is responsible for transforming the collected information into lessons and/or editing the lessons written by the team. This person will also sequence the lessons into a natural and coherent flow. This role may be taken on by the coordinator or the researcher.

Publisher. This person is responsible for publishing the final product on the platform. Adds the "Reopening Lives" tag and any other tags so the tutorial can be easily found, and consider making tutorials copyable so other libraries can modify them for local use.
