Notes:  
 I think you need 6000+ energy if you want to buy all remaining items if you only cook food best  
 If you cook food, you need prepare more energy  
 once again, "coin earn per cook" doesn't have +8% reward, it's the base reward.  
 (3005.418+3086.889+3003.312)/100%= 8421.629444
