

**Important Notice!!**

- Our Jelly 2 users around the world have reported that the following telecom carriers work for the smartphone in the listed country/region/city.
- Please check the band listed on the product detail page, or contact your carrier, if you cannot find your carrier here.
- Due to different carrier's policy regarding to unlocked phones, LTE wireless service may not be available even if listed bands are supported by your carrier. Please contact your carrier for more details.
