

## The Worldwide List of Virtual Business Incubators

Nº	Name	WebSite	Short description
1	1M/1M	<a href="http://1m1m.sramanamitra.com/">http://1m1m.sramanamitra.com/</a>	<p>One Million by One Million (1M/1M) is a global virtual incubator that aims to nurture a million entrepreneurs to reach a million dollars each in annual revenue and beyond by 2020, thereby creating a trillion dollars in global GDP and ten million jobs.</p> <p>1M/1M offers a case-study-based online educational program, video lectures, lean, capital-efficient methodology guidance, online strategy consulting at public and private roundtables, as well as introductions to customers, channel partners and investors (pre-seed, seed, angel, VC, bank, alternative financing). The public roundtable is a free program accessible from anywhere in the world. The rest of the services are for our paying members only. Please note that we focus on business strategy and execution; capital is optional, and may or may not be appropriate for your particular business. Less than 1% of businesses that seek funding are actually fundable. However, we are perfectly happy to help the other 99% build sustainable businesses as well, irrespective of fundability or interest in external financing. 1M/1M is a for-profit business, not a foundation or a non-profit.</p>
2	Journey Page VBI	<a href="http://journeypage.com">http://journeypage.com</a>	<p>JourneyPage is a virtual business incubator for usage inside the class to increase engagement or in the community to increase business formation. JourneyPage helps entrepreneurs take the most critical actions that will push their business forward. It accomplishes this via an accountability system and action-oriented, exclusive content (videos, audio, templates, articles, and reports from the country's top young entrepreneurs). Furthermore, JourneyPage provides powerful administrative features, which allow for adding, managing, and providing reports on users. It is available for individuals starting a business or for licensing by colleges &amp; universities, SBDCs, incubators, economic development organizations, and workforce development agencies. It is a safe, secure solution that's always available.</p>
3	The Pacesetters VBI Program	<a href="http://www.raleighbtc.org">http://www.raleighbtc.org</a>	<p>The Pacesetters Virtual Business Incubator Program is a 10-month program that puts business owners on the fast track to realizing their full potential and creating jobs. Through Pacesetters, the "community" of financially viable entrepreneurs is expanded as we help them become more adept in business management, strategic planning, financial forecasting and business leadership.</p>
4	eFactory VBI Program	<a href="http://efactory.missouristate.edu/Busin">http://efactory.missouristate.edu/Busin</a>	<p>Along with its tenant business incubation program, The eFactory offers a virtual business incubation program intended to provide support to businesses that are not physically located in The eFactory facility. The goals of the program are to facilitate the successful growth and development of start-up and emerging business and job creation. For a monthly fee businesses operating in any industry will have the benefit of access to the incubator program including business support services, business assistance and counseling, administrative support services, and facilities and shared equipment access. Services include, but are not limited to: use of conference rooms, business equipment and mail services, inclusion in activities of The eFactory, mailing lists and website, support from The eFactory staff: mentoring, introduction to resources, business networking, business plan review, referrals to professional services and access to sources of capital</p>
5	VBI at Accelerator (London's BI)	<a href="http://www.accelerator-london.com/cat">http://www.accelerator-london.com/cat</a>	<p>All the benefits of business incubation, but without the walls! Here at Accelerator our main interest is to help you develop your business, rather than simply being a landlord. Virtual Incubation at Accelerator maybe the appropriate route for you business, if...</p> <p>You are in a creative industries business that does not fit the strict ICT-related entry criteria for a physical space within Accelerator</p> <p>You are not ready for a full office space yet</p> <p>You are based outside London and need a London address</p> <p>Your business is in the planning or "pre-incubation" phase</p> <p>Your business needs more physical space than we can offer</p> <p>You are established in your own premises and do not wish to move</p> <p>Benefits form Virtual Incubation with us at Accelerator: Prestigious registered address for your business, Initial Accounting &amp; Tax Advice meeting, Mail Forwarding, Access to investor networks, Use of high quality meeting rooms, Entrance to exclusive events and training, Student and Graduate interns from our Placement Service</p>

6	CleverX	<a href="http://www.clever-x.com/cleverx-virtual">http://www.clever-x.com/cleverx-virtual</a>	Traditional business incubation requires a start-up business to establish a physical presence at the incubators location. The idea is that the new start-up can establish itself in an environment that offers support through business advice and shared common services. Virtual business incubation allows you to take advantage of the professional business and support services and the advice of the incubator without the requirement to utilise their physical site. Virtual business incubators therefore offer a more flexible solution that is better suited to modern day start-ups. Virtual business incubation meets the needs of most modern entrepreneurs who need advice, support, and access to business services that incubator provides. It also allows you the flexibility to maintain your own offices, warehouses, et al, or outsource these as appropriate. Virtual business incubation is also a global marketplace. You are not restricted to finding an incubator in your local area , nor do you need to travel miles just to plug-in to the incubation service that better suits your business or is specialised in serving your industry. Using a virtual business incubator will allow you to find and acquire the best of breed services that are available for your field globally aided by Internet ever improving and Internet, Cloud, and Social Media technologies.
7	eCubation	<a href="http://ecubation.com/blog/ecubation-virtual">http://ecubation.com/blog/ecubation-virtual</a>	This is the first comprehensive VBI Service currently available online which completes over 1000 business services for each client, across 7 departments within a 6 month time-frame to help entrepreneurs, business owners, startups and existing businesses, accelerate their business success from inception to commercialization by completing the eCubation programme. On completion of the full VBI programme, any entrepreneurial venture will have had their online business growth rapidly accelerated and developed to a successful level of commercialization.
8	Black Hills Virtual Business Incubation Program	<a href="http://www.bhpioneer.com/local_news/">http://www.bhpioneer.com/local_news/</a>	
9	The Miller Business Innovation Center Virtual Incubator	<a href="http://www.mbrcsicc.com/virtual">http://www.mbrcsicc.com/virtual</a>	The Miller Business Innovation Center Virtual Incubator is a virtual office service that allows businesses to work from remote locations while providing a professional office "face" to clients and customers. In addition, the Virtual Incubator offers a full-service business resource center – perfect for new and expanding companies. Whether you need an address to showcase your company, state-of-the-art meeting rooms, or support to grow your business, the Miller Business Innovation Center Virtual Incubator can meet your business needs.
10	Virtual Student Business Incubator	<a href="http://www.stcc.edu/ei/incubator.asp">http://www.stcc.edu/ei/incubator.asp</a>	The Community Foundation of Western Massachusetts Student Business Incubator (SBI), administered by the STCC Entrepreneurial Institute, is where college students' entrepreneurial start-ups become a reality. The Student Business Incubator helps bridge the gap between academics and a real world entrepreneurial experience with a supportive environment including individual advisors and mentors. Students receive coaching, information resource referrals, connection to technical assistance and access to potential capital. Student businesses receive invitations to participate in workshops and seminars sponsored by the STCC Entrepreneurial Institute, the School of Business and its affiliates.
11	American Association of Community Colleges (AACC) VBI	<a href="http://www.aacc.nche.edu/resources/aacc-vbi">http://www.aacc.nche.edu/resources/aacc-vbi</a>	Community colleges today are able to offer economic solutions for communities large and small, urban and rural. The American Association of Community Colleges (AACC) has worked collaboratively to help them fill that role. With the support of the Charles Stewart Mott Foundation, AACC has been working with colleges in 11 states, the National Association for Community College Entrepreneurship (NACCE), and the U.S. Small Business Administration to convene a Virtual Incubation Network (VIN) and design a toolkit for national dissemination to community colleges.
12	The Small Business Development Center (SBDC) Virtual Business Incubator	<a href="http://sbdc.deltacollege.edu/incubator/">http://sbdc.deltacollege.edu/incubator/</a>	Do you need a professional business address or part-time office space for a new business, home-based business, emerging business, or satellite location? The Small Business Development Center (SBDC) Virtual Business Incubator provides services to help small businesses operate cost effectively. For a nominal monthly fee, your business can have the look and feel of a larger business without the cost of a full-time office.
13	Virtual Business Incubator (ProRegio Foundation)	<a href="http://proregio.org.pl/en_US/left_menu">http://proregio.org.pl/en_US/left_menu</a>	Virtual Business Incubator is an innovative project realized by ProRegio Foundation along with Kalisz Business Incubator Foundation and Teknikdalen Foundation from Sweden. The project will allow to register a company via internet and will provide users with advice and necessary support for the proper development of future enterprises.

14	Exchange Nexus	<a href="http://www.exchangenexus.com/virtual">http://www.exchangenexus.com/virtual</a>	Exchange Nexus is one of a few expatriate-run virtual business incubators in China. The Exchange is comprised of a team of experienced managers/coaches and a select worldwide network of successful entrepreneurs and professionals who work together to assist and resource early-stage and start-up businesses owners in China, with the goal of markedly improving their chances to grow into healthy, sustainable companies. Exchange Nexus targets companies that provide professional services and primarily target the international market. Exchange Nexus's Virtual Business Incubator Program complements it's on-premise incubator headquartered in Chengdu, China.
15	BAVIN	<a href="http://www.idisc.net/en/Incubator.568">http://www.idisc.net/en/Incubator.568</a>	Not for profit association "Business angels and venture investors network" BAVIN" acts as a Virtual business mixed-use incubator, business accelerator, a unique forum in Belarus which brings together the venture capital and business expertise of angel investors with entrepreneurs and their new business ideas and startup companies. BAVIN was founded on November 10, 2010 in Minsk.
16	GrowHighlands.com	<a href="http://www.flvec.com/highlands/content">http://www.flvec.com/highlands/content</a>	This site is designed to be a virtual business incubator for entrepreneurs from the Highlands County area. Our mission is to promote economic development in the Heartland of Florida through new business creation and through supporting existing businesses. The incubator provides a central focal point for accessing local mentors and an array of other business support services.
17	Virtual Incubator Program (Innovation Network)	<a href="http://www.mcinnovationnetwork.com/">http://www.mcinnovationnetwork.com/</a>	Along with its resident program, the Innovation Network offers a virtual tenant program intended to provide support to businesses that are not physically located in one of the County's incubator facilities. The goal of the program is to facilitate the successful growth and development of Montgomery County based businesses and job creation.
18	VBI (Rio Salado College)	<a href="http://www.azcentral.com/community/t">http://www.azcentral.com/community/t</a>	New businesses and new jobs are essential for a recovering economy. That is why Rio Salado College is participating in the development of a virtual business incubator network to provide online tools that Valley entrepreneurs need to get started. By using an online support network to pool resources, small-business owners will have access to a variety of startup services such as assistance filing letters of incorporation, putting together a business plan or applying for a loan.
19	EnterpriseHelsinki's NewCo Factory virtual incubator	<a href="http://www.yrityshelsinki.fi/en/growth-">http://www.yrityshelsinki.fi/en/growth-</a>	The idea of the growth business incubator is to support the development and growth of innovative start-ups that are willing and able to grow. The incubator is part of the network of business incubators in Uusimaa.
20	Virtual Incubation Program (Renaissance Entrepreneurship center)	<a href="http://www.rencenter.org/grow-your-bu">http://www.rencenter.org/grow-your-bu</a>	The Virtual Incubation Program (VIP) provides all of the business development services and affiliation that the Incubator provides for growing companies that do not need a physical office space. Enjoy free monthly consultations, free workshops and roundtables, loan consulting as well as use of the conference rooms.
21	Virtual Science Park	<a href="https://www.vsp.com/">https://www.vsp.com/</a>	Established at University of Leeds in 1996. VSP is a high quality Internet-based environment, offering access to research-relevant information and person-to-person contact facilitated by a protected document management system, video-conferencing, file transfer, text chat and shared discussion boards. Through the VSP, tenants offer high quality specialist services to support innovation. Users of the VSP can visit tenants in order to obtain advice from experts, undertake distance learning or consult specialist information sources. VSP mainly provides: e-learning support for graduate, professional or executive education and training; On-line support for collaborative projects (e.g. project management with secure document management, video-conferencing, discussion boards).
22	Virtual Business Group	<a href="http://www.virtualbizgroup.com/">http://www.virtualbizgroup.com/</a>	A group of professionals (called Virtual Assistants and specialised in different fields – bookkeepers, researchers, software developers, lawyers, marketing specialists, etc.) working from their own offices. They can help to start a business, to develop it, to assist in solving various problems; they can be hired for a short or long period, depending on requirements of the client. The website provides free access to virtual assistants database and also possibility for potential virtual assistants to join the Group.
23	Fort Collins Virtual Business Incubator	<a href="http://www.questia.com/library/1G1-20492657/the-fort-collins-virtual-business-incubator">http://www.questia.com/library/1G1-20492657/the-fort-collins-virtual-business-incubator</a> , <a href="http://www.rmi2.org/">http://www.rmi2.org/</a>	Fort Collins, Colorado (population 105,000), has embarked on a new business development initiative known as the Fort Collins Virtual Business Incubator. Resulting from the partnership of three major community entities, this business incubator and professional support network is exciting in its potential applicability to local governments across the United States.
24	Virtual Business Incubator Pilot Project in Madison	<a href="http://dwd.wisconsin.gov/">http://dwd.wisconsin.gov/</a>	?

25	Baldwin County Virtual Business Incubator	<a href="http://www.hiron-mc.com/files/EVI%20">http://www.hiron-mc.com/files/EVI%20</a>	Several months old and other virtual incubators in the USA, providing professional assistance to business start-up and development (up to 3-4 years) for reduced fees – in general similar to usual incubators, except of rent of premises.
26	International Business Incubator in San Jose	<a href="http://www.hiron-mc.com/files/EVI%20">http://www.hiron-mc.com/files/EVI%20</a>	Provides a service called "virtual office" (company address, phone answering, basic administration, consulting) as a first step for non-US companies wishing to locate in the US but not yet ready to open an office.
27	CAP Services (USA)	<a href="http://www.hiron-mc.com/files/EVI%20">http://www.hiron-mc.com/files/EVI%20</a>	A private, non-profit agency - has developed a virtual incubator in 1999 with a grant from the U.S. Department of Health and Human Resources, later corporate sponsors joined the programme. The corporation also raised \$94,000 in private donations in 2001.
28	Miller Business Innovation Center - on-site and virtual business incubator	<a href="http://www.mbrcsicc.com/virtual">http://www.mbrcsicc.com/virtual</a>	Miller Business Innovation Center is located in Sandy and shares facilities with the Small Business Development Center. It provides onsite and virtual incubation services including mentoring, low-cost facilities and high tech computer facilities.
29	CrowdIt	<a href="http://www.crowdit.com">www.crowdit.com</a>	CrowdIt brings online mentoring, peer-review, expert advice and networking capabilities to small business and entrepreneur development organizations
30	IWOW	<a href="http://campus.lyndonstate.edu/iwow/te">http://campus.lyndonstate.edu/iwow/te</a>	Incubator without Walls at Lyndon State College is the leader in developing the skilled work force that powers Northeast Kingdom economic growth. We provide a wide array of programs and services designed to prepare individual students and businesses for success in the workplace and the regional economy.
31	Incubator Without Walls (WHCA)	<a href="http://www.whcacap.org/business-assistance/iww.php">http://www.whcacap.org/business-assistance/iww.php</a> , <a href="http://www.facebook.com/DownEastIWW/info">http://www.facebook.com/DownEastIWW/info</a>	DBA's Incubator Without Walls (IWW) is a no-cost business training course for small business owners, start-ups, and people developing their business idea. It offers: Interactive training by Nx Level certified instructors, Business counseling, Financing. IWW is funded in part by a grant from the US Small Business Administration (SBA). SBA's funding should not be construed as an endorsement of any products, opinions, or services.
32	IWW - Incubator Without Walls (MaineStream Finance)	<a href="http://mainstreamfinance.org/IWW-Incubator-Without-Walls.html">http://mainstreamfinance.org/IWW-Incubator-Without-Walls.html</a> , <a href="http://www.facebook.com/IWWMaine">http://www.facebook.com/IWWMaine</a>	The IWW program helps individuals start and expand businesses with five or fewer employees through a number of course offerings. During the courses the following topics are discussed: Business Concept, Legal Structures of Business, Business Plan, Marketing, Credit, Record Keeping, Financials and Cash Flow, as well as, many other topics.
33	HVADC's Incubator Without Walls Program	<a href="http://www.hvadc.org/what-we-do/our-">http://www.hvadc.org/what-we-do/our-</a>	At HVADC, our unique Incubator Without Walls Program is designed to bring traditional economic development services to the agribusiness industry. Our program offers comprehensive business assistance including: Evaluation of needs, Access to a collection of experts including accountants, marketing specialists, industry specialists, financiers and others as needed, Client networking, Coaching and mentoring, Grant writing and referrals
34	Incubator without Walls at Lyndon State Colleg	<a href="http://www.lyndonstate.edu/community">http://www.lyndonstate.edu/community</a>	Incubator without Walls at Lyndon State College is the leader in developing the skilled work force that powers Northeast Kingdom economic growth. We provide a wide array of programs and services designed to prepare individual students and businesses for success in the workplace and the regional economy.
35	Incubator Without Walls Entrepreneurship Program	<a href="http://www.elpajarcdc.org/en/incubator">http://www.elpajarcdc.org/en/incubator</a>	El Pájaro CDC offers low-cost and free business technical assistance and training services to low-income, Spanish-speaking entrepreneurs. Individuals who are interested in starting a business or who already own a business attend our training workshops, or talk with our consultants about all of the aspects of starting and operating a successful business.
36	The NJIT Incubator Without Walls	<a href="http://www.tpg.cc/njit/wow.pdf">http://www.tpg.cc/njit/wow.pdf</a>	NJIT's Enterprise Development Center (EDC) has created a new program specially tailored to the needs of high-potential entrepreneurs who value the networking, mentoring and access to essential resources the EDC can provide but choose to participate as a virtual rather than a residential EDC company.
37	Business E-ncubator	<a href="http://www.1000ventures.com/business">http://www.1000ventures.com/business</a>	The new hybrid Business E-ncubator without walls can not just think, but act outside its box and provide effective IT-enabled business e-coaching, match-making, and project management services to thousands of its semi-virtual and virtual tenants – start-up companies.
38	INCUBATOR WITHOUT WALLS PROGRAM (BizWorks enterprize center)	<a href="http://www.bizworkscenter.org/virtualm">http://www.bizworkscenter.org/virtualm</a>	Interested in receiving services form BizWorks but don't need office space? Consider joining our Virtual Member program for Members who do not have to have a physical presence in the incubator. You pay a monthly fee to belong to BizWorks for the some benefits

39	Palo Alto Area Virtual Incubator	<a href="http://www.cvcia.org/content/projects/">http://www.cvcia.org/content/projects/</a>	We propose to create and maintain a Virtual Incubator for business start-ups in the area. It will provide them with the capacity to access necessary skills and services at no cost or reduced cost, while they become acclimated to business procedures and reporting. It will train them to perform skills they need in-house as they learn by doing and seeing how processes are done.
40	Incubator Without Walls (Eastern Washington University's College of Business and Public Administration's Business Resource Center)	<a href="http://sites.ewu.edu/easterneronline/20">http://sites.ewu.edu/easterneronline/20</a>	Series of free public seminars forentrepreneurs
41	Incubator without Walls Outreach Program (ARK-LA-TEX Regional Export & Technology Center (ARETC))	<a href="http://www.cdconline.org/New/saretcin">http://www.cdconline.org/New/saretcin</a>	The ARK-LA-TEX Regional Export & Technology Center (ARETC) was established by CDC as a means of creating jobs by fostering the success of our area's small businesses and entrepreneurs. ARETC provides a wide variety of services to the tenants in the Metro/Regional Business Incubator and to its Incubator without Walls Outreach Program clients. These services include: management and financial planning, marketing assistance, technology/technical assistance, seminars/training programs, one-on-one counseling, and networking contacts.
42	INCUBATOR WITHOUT WALLS PROGRAM (MCE)	<a href="http://www.marylandcapital.org/node/6">http://www.marylandcapital.org/node/6</a>	coming soon
43	Massachusetts Institute of Technology's virtual incubator	<a href="http://www.nature.com/bioent/2003/03">http://www.nature.com/bioent/2003/03</a>	The TLO uses a "virtual incubator" model to start up businesses based on Institute technology. We do not offer "physical" support, such as space and seed financing, and we do not write business plans, although we are happy to critique them. However, we do offer lots of encouragement, and provide matchmaking services with source of funding and potential management talent. Also, the TLO will pay for patent applications to protect the technology while the fledging (and unfunded) business is setting itself up. When the time comes, our licensing procedures are straightforward, with negotiation, commitment to proceed, and creation and signing of the license agreement all carried out within the TLO.
44	The Rural Entrepreneurial Virtual Incubator Project	<a href="http://gps4593.com/news/rural-entrepr">http://gps4593.com/news/rural-entrepr</a>	The goal of this program is to assist 25 businesses in the region over the next year so that one half of them can grow their business by at least one employee. The expectation for the businesses is that some initial free services will make it possible for the business to address issues and find opportunities to grow their business and thus add an additional employee.
45	Virtual Incubation Program (HTDC)	<a href="http://www.htdc.org/virtual-incubation">http://www.htdc.org/virtual-incubation</a>	If you have a home-based business, live away from the downtown core, or are located on another island or state, you may be interested in the services that HTDC provides through our Virtual Incubation Program. This program is available at the Manoa Innovation Center and the Maui Research and Technology Center.
46	GR SmartZone virtual incubator program	<a href="http://www.grsmartzone.org/incubation">http://www.grsmartzone.org/incubation</a>	An option for companies that could benefit from the incubator's services, but do not require the use of the state-of-the-art laboratory space, is to enter in the GR SmartZone virtual incubator program. Virtual incubator clients will have access to all the resources, connections, and support services that a client in the physical incubator has, but will not be located in the same facility.
47	SD Tech Fund Virtual Incubator	<a href="http://www.sdtech.ca/index.php?page=vi">http://www.sdtech.ca/index.php?page=vi</a>	SDTC is piloting a new Virtual Incubator program to enable capacity building and tailored guidance for entrepreneurs with innovative pre-commercial clean technologies, prior to submitting a Statement of Interest (SOI) to the SD Tech FundTM. While the SD Tech FundTM provides funding for selected pre-commercial cleantech demonstration projects, the Virtual Incubator is intended to coach entrepreneurs as they prepare their business plans and project plans for a subsequent Statement of Interest submission and ultimate SD Tech FundTM proposal submission. As such, the Virtual Incubator and the Tech Fund are intended to be complementary in enabling Canadian clean technology commercialization.

48	European Virtual Incubator for Training and Support High-Tech SMEs	<a href="http://www.thalys.gr/pagesgr/EUROPEA">http://www.thalys.gr/pagesgr/EUROPEA</a>	The project aims to create better opportunities for easy and low cost access to continued professional training and advisory services for a specific target group including students, graduates, inventors, women and disables, predominately youth with knowledge of new technologies. These people have predisposition and skills to start-up and develop high-tech small businesses and they are advanced in using the new Information and Communication Technologies (ICT).
49	StartupQuest	<a href="http://welcome.startupquest.com/">http://welcome.startupquest.com/</a>	The one-stop shop for building a startup. Get the training, mentorship, and resources you need to build your startup idea, faster, cheaper, and safer than ever.
50	EXPLORE Energy	<a href="http://www.exploreenergy.eu/VirtualCa">http://www.exploreenergy.eu/VirtualCa</a>	In this "virtual incubator" the members of the incubator have the same possibilities as in a "geographically concentrated incubator", but in a much broader perspective. Here the members will be able to communicate with like-minded entrepreneurs from around the world, network with experts from a variety of fields and lastly get some exposure to potential investors. Our business colleagues from around the world will give advice on the entrepreneurial ideas and will try and help the entrepreneurs realize their entrepreneurial dreams of a sustainable energy world.
51	BRANDEIS VIRTUAL INCUBATOR	<a href="http://www.brandeis.edu/otl/grants/inc">http://www.brandeis.edu/otl/grants/inc</a>	The Brandeis Virtual Incubator's ultimate mission is to foster entrepreneurship in Brandeis students, post-doctoral fellows, staff and faculty. The Virtual Incubator ("housed" in the Office of Technology Licensing) will be a focal point for people at Brandeis interested in technology commercialization-the intersection of business and science.The Virtual Incubator offers budding Brandeis entrepreneurs lots of encouragement, introductions and good advice.
52	NATIONAL VIRTUAL INCUBATOR (NVI)	<a href="https://ciscobig.co.uk/programmes/nvi/">https://ciscobig.co.uk/programmes/nvi/</a>	As part of the Cisco-led BIG programme, the NVI is your gateway to making the most of your business ideas. Being part of this UK-wide network will connect you with like-minded people and different thinking. It'll give you greater opportunity to expand your contacts and broaden your horizons. Plus, you can link up with experts in business development within research teams, higher education colleges and science parks.
53	NWAAC Virtual Incubator	<a href="http://www.nwacc.edu/web/gbdc/virtua">http://www.nwacc.edu/web/gbdc/virtua</a>	The Virtual Incubator provides Internet space for qualified businesses through the Douglas Learning Resource Center. This service provides access to online marketing opportunities for start-up businesses to reach their client base through the GBDC website. The service is free to new regional businesses for one year.The Virtual Incubator allows new NWA businesses to post their logo and link to the company website which will provide free advertising space for a virtual shopping mall. The Vertual Incubator also serves as a resource for students who wish to begin their Internet businesses in a safe, free environment. All residents of the Virtual Incubator space will be subject to an Acceptance and Use policy for state property use.
54	Endeavor Center VI	<a href="http://endeavor.osu.edu/virtualincubati">http://endeavor.osu.edu/virtualincubati</a>	To Provide Virtual Incubator Space to businesses who wish to utilize one or more of the Endeavor Center services, but do not wish to annually occupy space within the facility. Vitual Incubation can provide a professional appearance, such as a bona fide business address, receptionist phone support and high speed printer and copy support. At minimum, a mailbox is required to be considered a virtual incubator client of the OSU Endeavor Center.
55	Institute for Energy & Sustainability's Virtual Incubator Program (VIP)	<a href="http://energyandsustainability.com/gre">http://energyandsustainability.com/gre</a>	The Institute for Energy & Sustainability's Virtual Incubator Program (VIP) provides a range of services and development opportunities to early stage clean technology organizations. IES works with them to strengthen business development strategies, engage and retain a larger customer base and expand marketing and promotion opportunities for their organizations.
56	SDEE Virtual Incubator	<a href="http://sdentrepreneurs.org/virtual-incu">http://sdentrepreneurs.org/virtual-incu</a>	he SDEE Virtual Incubator is designed as a social networking tool to help local entrepreneurs work together to make all of our ventures successful. Find specialized equipment to use that fellow entrepreneurs are willing to share or sell. Find a lab to sublease, or someone to sublease part of your lab. Find service providers or find good advice from fellow entrepreneurs about how to survive and thrive. We aspire to pioneer a new way of doing business as a community.
57	Odette Project for Technology, Innovation and Commercialization - Virtual Incubator (OPTIC-VI)	<a href="http://www.uwindsor.ca/odette/virtual-incubator-provides-funding-support-to-local-start-up-companies">http://www.uwindsor.ca/odette/virtual-incubator-provides-funding-support-to-local-start-up-companies</a> , <a href="http://www.opticvi.com/">http://www.opticvi.com/</a> , <a href="http://business.uwindsor.ca/optic">http://business.uwindsor.ca/optic</a>	The primary role of OPTIC is to serve as a funding agency, using other agencies, to assist entrepreneurs and start-ups. OPTIC will also become a primary source for information available to assist these young businesses. A start-up is considered to be any individual or company in business for less than three years and has an idea for a product or service that is still seeking a business model for commercialization. The start-up cannot have any significant revenues (less than \$25,000 in total revenues). Any individual or company can apply from anywhere in the world, but the enterprise must be located in the Windsor-Essex County region.

58	Vincubator	<a href="http://vinc.innovationcenter-crete.gr/">http://vinc.innovationcenter-crete.gr/</a>	The ICC Virtual Incubator started operating in February 2011 as one of the actions of the project "Innovation Center of Crete emphasizing on the management of natural resources". It hosts the demonstrative actions which were included in the same project, while it is open to host more spin off companies/ technologies generated in the ICC collaborating partners. The project is financed by the European Economic Area and Greek National Resources (50%-50%). The implementation of the project started in May 2010 and is planned to be finished in April 2011. Of course, V-Incubator will continue to work after this time line. Our target is to create the necessary conditions for creating and operating a real incubator in the campus of the Technological University of Crete in Acrotiri Area in Chania.
59	Current VI	<a href="http://gcurrent.com/incubator-resources">http://gcurrent.com/incubator-resources</a>	Don't need our state-of-the-art wetlab space for your venture? Consider GR Current's Virtual Incubator. Virtual incubator clients will have access to all the resources, connections, and support services that a client in the physical incubator has, but will not be located in the same facility.
60	KURUVINDUM	<a href="http://www.kuruvindum.com/virtual_incubator">http://www.kuruvindum.com/virtual_incubator</a>	We offer a "Virtual Incubator" to people with great technology ideas but no business plan as yet. It is an "Incubator" because we do incubate the technology-idea-based-startup. Incubation in this context means that we provide all possible inputs and value additions to the prospective entrepreneur who has an idea, but no prototype, no business plan etc. More details in the next section on the I2C transition.
61	BCC's Virtual Incubator	<a href="http://incubators.bcc.edu/pages/173.aspx">http://incubators.bcc.edu/pages/173.aspx</a>	The Virtual Incubator provides clients with a professional address and access to meeting spaces. As there are more than one billion mobile workers worldwide according to the International Data Corporation (IDC), BCC's Virtual Incubator combines business excellence with innovative techniques to bridge the gaps between time and space and success.
62	Cross Border Virtual Incubator (CBVI)	<a href="http://www.eadtu.eu/cbvi.html">http://www.eadtu.eu/cbvi.html</a>	Cross Border Virtual Incubator (CBVI) flexibly reaches out to workers and learners to promote entrepreneurship and enterprise creation. It has the objective to demonstrate experiments with social and learner-centric entrepreneurship environments for the acceleration of new starters and cross border knowledge exchange. CBVI will effectuate far reaching pilots on (networked) business planning and successive field-oriented coaching of new entrepreneurs by universities, multipliers and SMEs.
63	Youth CITIES	<a href="http://youthcities.org">http://youthcities.org</a>	Focusing on middle school and high school students, Youth CITIES provides education, mentorship, a wide network of contacts, funding, and real-life application opportunities in the areas of entrepreneurship and community-building. Youth CITIES partners with prominent executives from the business and nonprofit community to teach fundamentals of leadership, entrepreneurship, problem-solving presentation and networking skills, and business plan creation.
64	nReduce	<a href="http://www.nreduce.com/">http://www.nreduce.com/</a>	nReduce is a Global Community of Founders Building their Startups
65	North Carolina A&T VI	<a href="http://www.ncat.edu/academics/schools">http://www.ncat.edu/academics/schools</a>	The Virtual Incubator provides Internet space for qualified business from the E-Lab. This service provides access to online marketing opportunities. The service is free to student businesses, for one year. The Virtual Incubator is also an online library, and a virtual shopping mall. It is a place for entrepreneurship students and student entrepreneurs to receive and share advice on how to start and grow their businesses. The Incubator serves as a resource for students to refine their business plans, find resources in the community, and deal with any problems that may arise.
66	Morph Ventures	<a href="http://www.morphventures.com">http://www.morphventures.com</a>	Morph Ventures is a startup studio that began in 2015, that ideates and builds mobile and web businesses. We are focused on building scalable platforms and game-changing marketplaces that are capital efficient. We ideate, build and scale our businesses 100% in-house. We are looking for brilliant people who work hard, have opinions, have fun, and want to be a part of a product that is going to fundamentally change a huge market. We have a lean, collaborative, data-driven team that loves coming to work each day and are focused on creating "wow" user experiences.
