

Environmental Public Health Planning Checklist

(For Full-Time students who matriculated in Fall 2024)

Student Name: \_\_\_\_\_

N#: \_\_\_\_\_

NOTE: Students should use this checklist as a tool to ensure they stay on track and to be aware of what to take each semester. Unless otherwise advised by their Student Affairs Program Advisor or Faculty Mentor, full-time students should follow the sequence below to ensure they stay on track. Courses below are marked to indicate the semesters in which they are offered (F = Fall, S = Spring, Su = Summer). To inform your elective course selection, be sure to pay special attention pre-requisites in order to properly plan. Students are encouraged to use our website as a resource and below are 3 helpful links:

Course syllabi - https://publichealth.nyu.edu/academics/courses/descriptions-syllabi

ENV degree requirements - https://publichealth.nyu.edu/academics/master-public-health/concentrations/environmental-public-health#degree

Course schedules - https://publichealth.nyu.edu/academics/courses/registration-schedules
