X	SD Simper	Commercial project	NDA- May 2022

Waiting list (if slots drop, they will be offered to these ap

	Alice/Eden		
	Lucrezia		
	Kumi		

Project terms (please read)

- **By accepting a slot in this batch, you understand that you will not be eligible for another commission in 2021 (or within the next two batch openings).** If you decide that you would rather wait until a different type of slot is available, please inform me as soon as possible so that I may cancel your slot and offer it to those on the waiting list.

- Commissions will be worked in the order displayed here. Everyone on the list will be notified a week ahead of starting their piece to confirm the project and invoice for payment.

- You may postpone your slot once if upon reaching your number you are not ready to proceed. Your slot will then be moved to the end of the queue. If upon reaching your slot once more you are still unable to go through with it, then the slot will be forfeited and you will need to reapply in a future batch opening.

- You are welcome to change your commission idea up until the point of payment, as long as it remains at the same complexity level or lower (e.g, you can turn a half body into a bust, but you cannot turn a bust into a half body).

- Commissions must be paid in full before the project can be commenced. Payment is done via a Paypal invoice I will send to the email that was provided in the form. This invoice must be paid within 2 weeks of having been received or the project will be cancelled and the slot will be forfeited.

- Once the commission has been charged, you cannot cancel or change it.

Any other questions?

If I've missed or left something unclear, then please feel free to approach me via Discord DM or email me at hello@onyrica.art and I'll do my best to get back to you ASAP.
