Notes						
Boil the eggs ahead of time and take them with you to the campground ready to go if you want.						
Bring nice spreads such as honey or spicy mustards to make ham and cheese biscuit sandwiches.						
Make the biscuits on Easter morning.						
Bring your fruit salad dressing ready to dress your fruit already pre-mixed.						
Make your carrot cake trifles in little mason jars so that each person has an individual one. You can make these ahead of time or at least do part of them by making the cake and icing mixture and assembling them at the campground to make them easy!
