Chesterfield FC, 1921-2024

Cup-only to add. Up to & inc 29.8.2024. Discrepancy between full list and outside uk list.

Players' birthplaces. Scroll over the birthplaces to see the players born there.

Main data table with columns: City / town, County / province / state, Country, players. Includes sub-tables for Outside UK, England, Scotland, Wales, and Northern Ireland.

Since I'm such a curmudgeonly old git I use the UK county names and boundaries prevalent before Ted Heath sat down with an atlas, a biro and a case of claret in 1974. This will no doubt delight readers from both sides of the Humber estuary and be of no interest to anyone else. Some Irish births took place before the creation of the Republic of Ireland but I've allocated them as if it had been there all the time, which is not intended as a political statement!

For the purposes expressing births by English county I've lumped the York births in with the North Riding ones, although York itself is never usually placed in a county as a sop to Yorkshire people, who think it the capital of somewhere important. London births have, where possible, been allocated to a borough and its corresponding pre-1974 county. Births in Cardiff, Belfast and Edinburgh have been allocated to their pre-1974 counties.

No fewer than 117 ex-Spireites were born in places mentioned in The Smiths' song, "Panic."
