## Tournament FAQs:

### **O. How many games do you play in each match?**

A. 3 games. Each of the 3 games counts as an opportunity to get more wins (to raise Win %) and you get to play more Magic.

### **O. What happens if a game ends in a draw?**

A. There will be no draws for this tournament. Any game that ends in a draw will not be counted and a new game will be played.

### **O. Which group am I in? How can I contact my opponents?**

A. Your group will be on the Contact tab along with your contact information and the contact information of your opponents. You can also find your name in the Group tabs.

### **O. How do I record wins?**

A. Look for your name in your Group tab. Record the number of games won along your row.

For example, Player 2 and 3 have played with player 1 winning 2-1. Player 1 will record 2 wins against Player 2 and Player 2 records 1 win against Player 1.

	A	B	C	D	E
Preachers	Player 1	Player 2	Player 3	Player 4	
Player 1					
Player 2			1		
Player 3		2			
Player 4					

### **O. The Standing are not correct! What's going on?**

A. The standings have been improved to account for players that have not play any matches.

The standings need to be updated manually in case more than two players are tied or if players with matching win percentages have not yet played each other. A manual check of the standings will be updated at least once a day. I don't have an exact time on that, it will be whenever I have time.

### **O. How will more 3 or more way ties be broken?**

A. A 3 or more way tie will be broken by who ever has the best win percentage in common games (Americans, think NFL)

For example In Group 1, players 1, 2 and 3 are tied for the top spot. The tiebreaker will use the highest win percentage amongst games played between these 3 players only. Whoever has the highest win percentage takes the top spot, then the second spot goes to the player with the better head-to-head record of the remaining players.

### **O. This looks funny when veiwng on my phone.**

A. This has been designed entirely on a laptop, with that in mind. Improvements will be made to the look and feel as we go. If using a mobile device to view this, do so in landscape view. Also works best with Google Sheets app.

### **O. Do I need to submit a deck photo? If so, when?**

A. Not yet. More on that to come.

**O. At what point do I need my final deck and sideboard ready? Can I change my deck or part of my deck after 28th March?**

A. Your decklist will be set once you begin your first official match on or after 28th May. You cannot make any decklist changes after your first match.
