<b>Assembly &amp; Packaging</b>	Professional assembly of your new bike at our HQ in Minneapolis by our super mechanics who build our bikes all day every day and know all the tricks to making a perfect silent build.... we highly recommend having us build your bike, even if you are a good mechanic or have one locally.	
<b>Shipping</b>	We can ship your bike anywhere in the world. Costs vary of course, but typically figure \$140 for USA shipping via UPS or FedEx, and \$220 for International shipping via US Postal Service. We professionally pack your bike and rarely incur any damages, but if you would like to add insurance we can do that for whatever amount you like.
