Breakfast 2	1	\$6	\$6
Lunch 3	1	\$8	\$8
snacks	1	\$12	\$12
Total			\$210

If you would like to use this sheet, you can select File and Make a Copy.

Open in your Google Drive, plug in your food items with the total cost into the first column of the Food Cost Worksheet.

In the unit cost column, then calculate the number of servings from the total cost in column one.

For each meal, calculate the unit cost per family member based on the meal being served.

Item	Total	Unit Cost			
Eggs	\$2.59	\$0.22			
Little Smokies	\$2.99	\$0.37			
Bread	\$3.59	\$0.36
