

INSTRUCTIONS

*** Only Enter data into Green highlighted cells

1	Enter Scorekeeper Name and Date and select the Event Type and League from the drop down options on the Boys tab in the cells on Row 2.
2	Roster are randomized and loaded prior to competition day. If roster is not populated prior to the event run the Rando Macro for the desired league then copy/paste values from the RiderID column (Column A) from the Randomizer Spreadsheet to RiderID column (Column A) on both the Boys & Girls pages on this spreadsheet. The randomizing macros sort by Boys & Girls as part of the process. Rider attendance is managed by a Team Advisor or Head Coach prior to competition day on their team's roster. Any riders INELIGIBLE for competition or marked as NOT COMPETING will not show up in the run order or this scoresheet.
3	Enter the times in the green cells on the Boys or Girls tabs, as appropriate. If there is no score for a run enter DQ GATE, DQ INVERTED, DQ LANGUAGE (disqualified), DNS (did not show), or DNF (did not finish), as appropriate. NOTES: Times need to be entered in total seconds with 3 decimal places (thousandth of a second). Both Run1 and Run2 columns need to have values (TIME, DNS/DQ/DNF) for each rider.
4	File is saved automatically as long as you're connected to the internet. If you lose connectivity do not close the tab. Just keep updating until you can reconnect.
5	1st Round of SBX brackets autopopulates based on the riders place on the Individual Results page. Copy the bib number of the 2 riders to advance into the adjacent heat in the next round.
6	For SBX 2 the top 2 placing riders advance out of each heat. During the Semi-Final round the 3rd & 4th place finishers advance to the Consolation final. The consolation final runs before the Final.
7	Once scores are entered into the respective Boys & Girls sheets and double checked for accuracy, click the "SORT SQUADS WINNER" button on both the Boys Squad Individual Results and the Girls Squad Individual Results pages and they will sort based on Team Points & Place for the event. Squad Results page is a Pivot Table and updates
8	Publish the spreadsheet so the scoresheets can be downloaded as PDFs from the website. On the toolbar on top of this page click FILE > SHARE > PUBLISH TO WEB . In the box that pops up make sure ENTIRE DOCUMENT is displayed in the LINK column. Then select PDF in the EMBED column. Then click the PUBLISH button, if it asks if you're really sure you want to this, click yes.
