

Introduction to our New and Second Hand Stock List

We always have a large and ever changing selection of Second Hand model railway equipment in stock, a small selection of which is listed in these pages. In addition to the boxed items included here, we also have a large selection of unboxed models available. This list is updated regularly, so if you can't find what you are looking for, please come back again soon.

If you are interested in purchasing any item, please email us anytime, or give us a ring on 07930 557601 (during shop opening hours). We can take credit or debit card payments over the phone.

You can also pay using PayPal or Bank Transfer.

The prices shown exclude postage and packing (typically £5.00 to mainland UK). Multiple items can be combined to reduce overall postage charges and overseas customers should contact us for a delivery quote.

All Second-hand locomotives are tested prior to dispatch. Second-hand Graham Farish are checked for split cogs and if any are found, they will be replaced.

The list, which includes both New and Pre-Enjoyed models, is divided into sections defined by the scale of the items listed, N Gauge, OO Gauge and O Gauge, selectable by using the tabs at the bottom of this box. The models are then sub-divided alphabetically by Manufacturer and then listed in numerical sequence.
