

## 2 Sofias Sailing planning, where to be each week summer 2018

**Disclaimer:** This is my planning to date (May 2018), but anybody who knows sailing, knows that nature is stronger and has its own plans for summer 2018. Therefore, anybody participating needs to stay informed, because we could not end up where we planned to be due to a storm or accident. Also even, if my planning is not to sail more than 5 hours a day on average, perhaps to reach a safe harbor we have to go further or differently than first planned.
